### “Top 50 Reviewers” Acknowledgment

The *CORR*® Board of Trustees would like to recognize our top 50 reviewers for their outstanding work. These 50 reviewers earned the highest mean review-quality scores among those who reviewed at least four manuscripts between September 1, 2017 and August 31, 2018, and who are not currently on our Editorial Board. We congratulate our top 50 reviewers for this great accomplishment and we thank them for their contributions to the journal and to orthopaedic research.
